We're going to be creating a page for every State in the United States. [Here is a list of states in alphabetical order](#). Here is an example of a completed page: <http://www.comegetmethemovie.com/odd/usa-odd-jobs/alabama-odd-jobs/>

Once logged on to Wordpress, Go to Pages: Add New

The first state to start with, alphabetically is: Arizona

Title:[Name of State] Odd Jobs

Example: Arizona Odd Jobs|

Select "Backend Editor" on Visual Composer"

Click the "Templates" Button

Click "state\_template" (ONLY ONCE)

It will take a second to load, and then you will see this:

On the right side, select the "Parent" drop-down menu

Select "USA"

[Open up a new tab to This Google Image Search](#)

Search for "Welcome to [Name of State]"

Example: "Welcome to Arizona"

Select an image that looks good and is horizontal.

Download it.

Go back to Wordpress, scroll down to "Jobs Header Background"

Hit the "+" sign

Select "Upload files"

Hit "Select Files"

Upload the image.

Once finished, hit "Send to Option Tree"

Back on the state page you're creating, hit "Publish" on the right.

Once it's been published, go on to the next state.
